I followed the man to the rear of the building and he said let's take the elevator. The elevator was busy several floors up so we used the stairs instead, as we reached the third or fourth floor I saw a man walking away from the ~~stairway~~ stairway. I ~~then~~ called to the man and he turned around and come back towards me. The manager said it know that man he works here. I then turned the man loose and went on up to the top floor.
